

Warrawindi

More meat, more money

13th On Property Ram Sale

Friday the 13th
of October 2017
2pm (SA Time)

150 Poll Dorset Rams

15 Suffolk Rams

10 Border Leicester Rams

OJD Vaccinated, Brucellosis Free

The Galpin family welcomes all new and existing clients to Warrawindi for the 13th on property performance ram sale.

Please note the starting at **2pm SA time**

These rams are a starting point for a high productive lamb enterprise.

The drive behind our selection data is maximizing early growth and receiving \$6.50 kg instead of \$5kg. Our genetics selection and ram testing data is in the top percentage of sheep in Australia. Each year we are improving our growth, muscle and fat figures, its proven performance that pays.

With a fantastic start to our season we look forward to a good finish and a healthy lamb selling season. As I write this on the 8th of Sept we have just sold our first draft of lambs returning \$147.

Warrawindi lambs are growing at 10kg a month or 2.5 kg a week or 300g a day on grass.

All rams are structurally correct, Brucellosis free and approved OJD vaccinated

Warrawindi Farms had a very successful Royal Adelaide sheep show Poll Dorsets, Suffolks and B/L were all shown and performed well in some very strong classes.

We welcome you to view our rams from 12 noon on Friday the 13th of Oct. or by appointment prior. Join us after the sale for food and refreshments.

Genetics that perform!

RAM CARE

Tips for longer Ram Life and improving lambing percentages.

- Try to prevent rams becoming too fat. In Spring keep rams in small holding paddocks or sheep yards. (Obese animals cannot perform to their Maximum capacity)
- When shearing rams inject with Glanvac to prevent Cheesy gland affecting ram fertility.
- Feeding rams 4-6 weeks before mating with Lupins or Beans can increase their sperm Counts by up to 30%
- Check feet before mating, treat any rams with foot abscess with Antibiotics and trim feet if necessary.
- Always buy your rams from brucellosis free studs.

WARRA-M

BORDER LEICESTERS

Warra M is the place to get your 'dam rams'!

A first cross ewe is still the most profitable and heres where they all start. Warra M focuses on higher growth, positive muscle sheep with strong clean points, and a fine to medium fleece. Top genetics have been purchased from all over the country including ewes from Wattle Farms (NSW) and our new stud sire Coolawang 15-87.

LOT 1, in breeders group Adelaide show

WARRA-J

SUFFOLKS

Once you black, you will never go back!

Here at Warra-J we aim to breed that perfect sheep your looking for. Our main focusses are on fertility, high growth rate, muscling and structurally correct.. This year will see the first sons on offer by Oakwood 14-122 a very exciting thick meaty ram who is sired by a Scottish great (Meikieson Mighty Man).

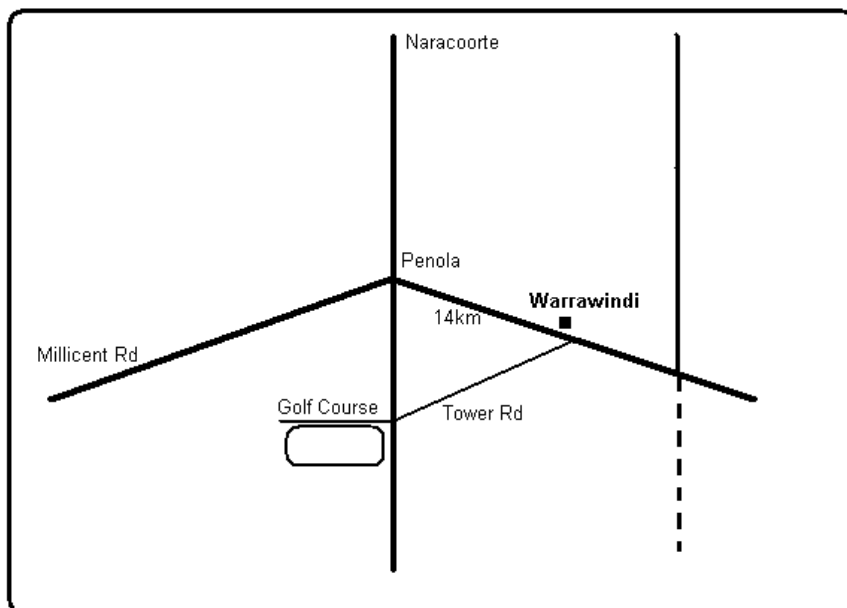

We know you wont be disappointed with your purchases.
