More meat, more money

12th On Property Ram Sale

Friday the 14th
of October 2016
1:30pm (SA Time)

2 Specially selected Poll Dorset's
148 Commercial Poll Dorset's
13 Suffolk Rams
10 Border Leicester Rams

OJD Vaccinated, Brucellosis Free

The Galpin family welcomes all new and existing clients to Warrawindi for the 12th on property ram sale. Starting at 1:30pm SA time

The Poll Dorset's are vital to our sheep enterprise. These rams over XB ewes are the main stay and most productive part of our farming business. We have a passion to produce the best product that we can and source the best genetics available for the job required, our genetic selections in the past few years are now producing heavy lambs 4-5 weeks earlier maximizing feed and price efficiency. Warrawindi rams are totally commercial focus, fit rams not fat rams bred to perform in the Southeast climate. These rams work for us and we guarantee that they will work for you.

The Warrawindi team welcome Isla MacKenzie Galpin to her first sale and Congratulations to Jordan and Chelsea on her safe arrival.

Jordan's Suffolk's are bigger and stronger than ever and are performing well.

Mason's Border Leicester's are producing very high performing XB ewes, his genetic base of Johnno's ewes mated with a high performance Jackson bred ram has produced an outstanding line up of rams for this years sale.

All rams are structurally correct, Brucellosis free and OJD vaccinated We welcome you to view our rams from 11:30am on Friday the 14th of Oct. Lunch provided

We do everything to make life complicated for ourselves, yet producing lamb is so very simple!

RAM CARE

Tips for longer Ram Life and improving lambing percentages.

- Try to prevent rams becoming too fat. In Spring keep rams in small holding paddocks or sheep yards. (Obese animals cannot perform to their Maximum capacity)
- When shearing rams inject with Glanvac to prevent Cheesy gland affecting ram fertility.
- Feeding rams 4-6 weeks before mating with Lupins or Beans can increase their sperm Counts by up to 30%
- Check feet before mating, treat any rams with foot abscess with Antibiotics and trim feet if necessary.
- Always buy your rams from brucellosis free studs.
